A single software system for the ortho-pedo practice.

Dolphin has been adding pediatric features and tools to its Management, Imaging and Aquarium products:

Dolphin Management Specialty – Pedo:

- Manage scheduling and patient treatment for pedo and ortho in one place
- **Distinct ledgers and billing for pedo and ortho**
- **Effectively track and market to your patients for pedo and ortho treatment**

Dolphin Imaging:

- **Magnify and Spotlight toolbar tools**
- **Pediatric/dental FMX layouts**

Aquarium:

- **Pediatric Library containing over 40 pedo-specific patient education movies**
- **New content added every two months**

These products are joined by a full suite of complementary software and services for ortho-pedo practices that includes mobile and Cloud options.

DX Retainer & Splint

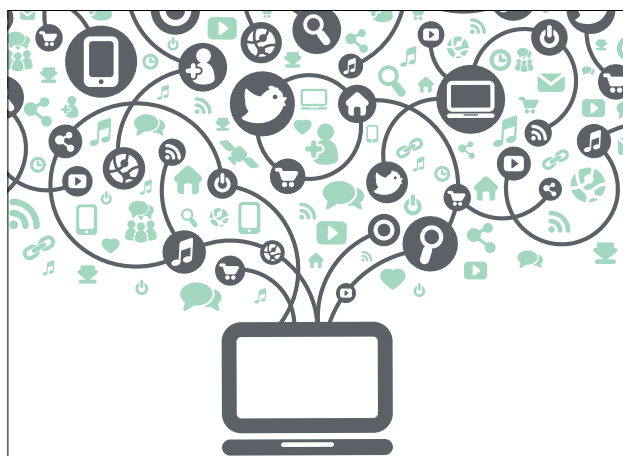

Tru-Tain offers the DX Retainer & Splint Material, a blend of medical-grade, FDA-approved plastics that combine durability, impact, strength, and wear resistance. The material is easy to form and bonds with acrylic. It may be used for retainers, minor tooth movement, and bite ramps. It is stronger than the original Tru-Tain retainer and splint plastic. Available in .030 and .040 thickness. 25, 50 and 100 sheet packs. Square 5" x 5", or round 125mm and 120mm. Contact the company for free samples.
